Problem Solving Report Based on Job Required Behaviors

Continued 1/2

Link: studio-planner-mission-mw6kl8g2-788p · v4, Revision Time: Nov 7, 2026, 3:40 PM · UTC

Learning Goal

근거를 확인하며 개선 가설 한 가지를 만든다.

Field of interest · Job

고객 문제 해결

Mock assignments and reading materials for class

General job practice · Educational mock task: Customer went to the wrong place because two customer guides were different. There is no official company material, not an actual company request or company regulation. Design problem hypothesis, alternatives, priorities, verification methods, and limitations.

Teacher preparation reading material
교사가 확인한 교육용 비교 자료

Question 1

What facts and evidence did you confirm?

Question 2

What action did you actually take?

Question 3

What will you change or check next?

Execution task 1

Distinguish required behaviors and problem hypotheses from job materials.

Problem Solving Report Based on Job Required Behaviors

Execution task 2

Leave one verified piece of evidence and the next supplementary action briefly.

Help needed

Job Required Behavior, Evidence, and Hypothesis Verification Checklist
Step-by-step guidance

Submission

Mini memo of one required action, one piece of evidence, and one unverified question

Submission criteria

Leave evidence for one selected item, the actual action taken, and next confirmation question; do not mark as entire task complete.

Draft answer/output

Basic Planner Practice · 3-minute Actual Activity

Continued 1/3

Link: Revision Time: Nov 7, 2026, 3:40 PM · UTC

Activity goal

필요한 읽기 자료를 책상에 준비한다.

Reason for selection

Practice basic planner usage with an actual activity

Field of interest · Job

Date · Expected time · Scope

_____ · 3 min

One preparation behavior

First Action

필요한 읽기 자료를 책상에 준비한다.

PLANNER ACTIVITY CARD 가상-1 v2 · basic-practice-course-mw6kl8fv-n70o-st-mw6kl8fv-n5kj

Basic Planner Practice · 3-minute Actual Activity

Continued 2/3

Link: Revision Time: Nov 7, 2026, 3:40 PM · UTC

Progress sequence

1. Decide what to do.
2. Perform 3 minutes of actual behavior.
3. Record plans and actual activities separately.

Help method

Step check box

Completion Criteria

The student confirms actual behavior and reflection.

Execution record status

Verified actual execution

Basic Planner Practice · 3-minute Actual Activity

Continued 3/3

Link: Revision Time: Nov 7, 2026, 3:40 PM · UTC

Actual performance

자료 두 장과 펜을 직접 준비했다.

Method changed

Result

Feedback

필요한 준비물을 미리 정하니 다음 활동을 시작하기 쉬웠다.

가상 개인 미션 과정 · Experience notes sheet

Link: Revision Time: Nov 7, 2026, 3:40 PM · UTC

Experience notes sheet

Read the role’s required behaviors and pick ones that match what you really did. Fictional example: a student who prioritized mock customer requests in class notes role and goal, action, observed result and limits. It was a classroom simulation, not a real company commission. Examples never fill your notes .

Optional

You can write freely without this help Counselors only ask fact-check questions and never compose sentences for you. Performance notes tied to job requirements , with evidence

Situation

Which organization, project, and period was it?

Situation

QA-원문 질문 α

Purpose of writing

가상 개인 미션 과정 · Writing check sheet

Link: Revision Time: Nov 7, 2026, 3:40 PM · UTC

You can write freely without this help

Within the allotted writing time: choose an experience → optional notes (situation and role can be skipped) → write the text yourself → check your own action, result and evidence → save V1 or a revision. No extra minutes are added.

You can write freely without this help

Keep actual experiences, simulated experiences and not-yet-confirmed content separate. What a teacher or counselor says is not a fact until you confirm it yourself.

What specific action of yours matches the required behavior?

What result can you state with numbers or facts?

What learning can you reuse in this role?

What source or proof can be verified?
